

FSCJ Business Solutions Corporate Partnership Program

The Corporate Partnership Program provides one-stop access to premier benefits to help maximize your company's success and impact in the community.

- Personalized customer-driven solutions that address critical needs through customized training, testing, and credentialing
- Access FSCJ's Career Services Manager to post jobs and view student resumes
- Connect with students for potential employment through internships, career fairs, industry events and on-site recruitment
- Support student learning through internships, externships, clinicals, apprenticeships, job shadowing, on the job training, and more
- Connect employees to educational training programs
- Receive dedicated enrollment assistance for your employees including advising, access to tutoring, technical support and student engagement
- Opportunities advise academic programming and to serve as guest speakers to provide input on industry changes that affect training programs
