

Associate in Arts (Baccalaureate Transfer)

About the Degree

The Associate in Arts (A.A.) degree is specifically intended to meet the requirements of students interested in transferring to one of Florida's many public colleges or universities or continuing to pursue a four-year bachelor's degree at Florida State College at Jacksonville. Students are encouraged to determine which upper-division major they plan to pursue and advised to follow the state standard for their specific degree major. Students should also plan to meet with an Advisor to assist them in selecting general education courses and the best recommended electives for their advising track in order to best compliment their selected upper-division major.

Program Requirements

This program requires a **minimum of 60 credit hours**. Total program hours may vary based on the student's intended baccalaureate transfer major and individual academic degree plan. This program is **eligible** for financial aid.

First Time in College (FTIC), Transfer and Dual Enrollment Students with fewer than 15-credit hours of A.A. (AP 1108) enrollment or more than 15 credit hours but less than a 2.0 GPA will be required to take IDS 1107 in the first term of enrollment at Florida State College at Jacksonville. Exemptions may apply in limited circumstances.

Placement Testing

College placement testing assesses incoming students' skill levels in English, mathematics, and reading. Students are exempt from placement testing if they meet any of the following conditions:

For additional information, visit catalog.fscj.edu/academics/developmental-education-programs or speak with an advisor.

Degree-seeking students whose native language is not English should consult with an advisor regarding whether they will be required to take an approved English as a second language entry college placement test (CPT-L) and English for Academic Purposes (EAP) courses prior to registering for other college credit classes.

Foreign Language Requirement

Associate in Arts students must meet a foreign language requirement before graduation. Students may fulfill the requirement by completing two college credit courses of the same foreign language or sign language. Courses in American Sign Language, Chinese, French, German, Latin and Spanish may be used to satisfy the foreign language requirement. American Sign Language (ASL prefix) coursework may not count toward satisfying the foreign language requirements of the intended transfer major at state universities and postsecondary institutions outside Florida. College-level foreign language courses count as A.A. electives and are applied toward your twenty-four hours of required A.A. electives.
