

The Associate in Science (A.S.) Degree in Funeral Services educates students in every phase of funeral services so that program graduates are prepared for entry-level employment in funeral service.

The curriculum integrates entry-level knowledge of funeral directing, technical skills, and scenarios in an on-campus laboratory. The program is committed to encouraging lifelong learning in a positive, non-discriminatory, and supportive environment designed to foster community involvement, scholarly research, a better quality of life, and respect for the dead.

**Note:** If you are considering employment in a state other than Florida, please visit <https://www.fscj.edu/academics/license-disclose> to determine if this program will meet the selected state's requirements to sit for licensure or certification testing.

### Program Accreditation

The Associate in Science in Funeral Services degree program at Florida State College at Jacksonville is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097, (816) 233-3747, <http://www.abfse.org/>.

### Application Procedure

**This is a Limited Access program.** Students must follow the application procedure outlined in the current College Catalog. The **application deadline** is May 15 of each year with classes starting in the fall term.

### Advising

(904) 713-4545 or [hcic@fscj.edu](mailto:hcic@fscj.edu).

### Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics that you may be required to take. Students who place into developmental education courses are required to complete designated developmental education courses with a grade of C or higher regardless of program of study. In addition, it does not include MAT 1033: Intermediate Algebra, which, for many students, is a prerequisite course for MAC 1105.

### Recommended Roadmap

This roadmap provides general guidance about recommended courses. For specific guidance about your individual academic degree plan, please see an advisor. Also refer to the College Catalog for additional information.

A minimum grade of C or higher must be achieved in all professional courses, with the exception of the following: all laboratory courses, FSE 2100L, FSE 2140L and FSE 2120L, along with FSE 2946 and FSE 2930, which require a grade of P (pass). Students must achieve a minimum of 85% to pass FSE 2930. A minimum grade of C or higher must be achieved in all professional elective courses, as well as courses used to satisfy the general education and civic literacy requirements.

### Prerequisite Coursework

Upon program admission, Prerequisite Coursework credit will be applied to the General Education Coursework area of the student transcript. Consult the online class schedules for the terms offered and available modalities.

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours
<input type="checkbox"/>	BSC 2085C: Human Anatomy and Physiology I	4
<input type="checkbox"/>	ENC 1101: English Composition I or ENC 1101C: English Composition I Enhanced or ENC 1102: Writing About Texts	3-4

### General Education and Professional Elective Coursework

Students who have completed all General Education Coursework upon admission to the professional phase of the program may be able to complete the program in a minimum of 16 months. Consult the online class schedules for the terms offered and available modalities.

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours
<input type="checkbox"/>	ARH 2000: Art in the Humanities or PHI 2010: Philosophy in the Humanities or MUL 2010: Music in the Humanities or LIT 2000: Literature in the Humanities or HUM 2020: Topics in the Humanities or THE 2000: Theatre in the Humanities	3
<input type="checkbox"/>	BSC 2086C: Human Anatomy and Physiology II	4
<input type="checkbox"/>	MAC 1105: College Algebra or higher-level MAC prefix course or MAP 2302: Differential Equations or MGF 1106: Topics in College Mathematics or MGF 1107: Explorations in Mathematics or STA 2023: Elementary Statistics	3-5
<input type="checkbox"/>	PHI 2603: Introduction to Applied Ethics	3
<input type="checkbox"/>	AMH 2020: United States History From 1877 to the Present or POS 2041: American Federal Government	3
<input type="checkbox"/>	Professional Elective: ACG 2021: Financial Accounting or any ACG prefix course	3
<input type="checkbox"/>	Professional Elective: BUL 2131: Business Law I - The Legal Environment of Business	3

## Career Options

Funeral directors interview the family members of the deceased to facilitate and assist with the arrangements for the funeral services. Services include coordination with clergy members or other persons who will officiate, the logistics of funerals, preparing obituary notices and having them placed in newspapers, arranging for pallbearers and clergy, scheduling with the cemetery the opening and closing of a grave, decorating and preparing the sites of all services, and providing for the transportation of the remains, mourners, and flowers between sites. They also direct preparation and shipment of remains for out-of-state burial. Embalming is a sanitary, cosmetic, and preservative process through which the body is prepared for interment. Funeral directors also handle the paperwork involved with the person's death.

## Program Learning Outcomes

Upon completing this program, students will be able to demonstrate proficiency in the following program learning outcomes:

- Explain the importance of funeral service professionals in developing relationships with the families and communities they serve.
- Identify standards of ethical conduct in funeral service practice.
- Interpret how federal, state, and local laws apply to funeral service in order to ensure compliance.
- Apply principles of public health and safety in the handling and preparation of human remains.
- Demonstrate technical skills in embalming and restorative art that are necessary for the preparation and handling of human remains.
- Demonstrate skills required for conducting arrangement conferences, visitations, services, and ceremonies.
- Describe the requirements and procedures for burial, cremation, and other accepted forms of final disposition of human remains.
- Describe methods to address the grief-related needs of the bereaved.
- Explain management skills associated with operating a funeral establishment.
- Demonstrate verbal and written communication skills and research skills needed for funeral service practice.

### Term 1: Fall
