

The Technical Certificate (T.C.) in Home Staging Specialist provides students with the foundational skills required for entry-level positions in the home staging industry.

Students will develop proficiency in the knowledge and application of the elements and principles of design; the use of color and texture; scale, proportion, and balance in designing interior spaces; furniture placement in floor plans and cabinet designs in elevations; and environmental considerations. Projects include understanding the client, as well as researching and making selections based on the client's criteria.

Articulation

This certificate articulates directly into the Interior Design Technology (2389) (A.S.) degree. Students may pursue one or more certificates to develop or upgrade their skills in a particular field or pursue the A.S. degree and earn technical certificates while completing the requirements for the degree. Contact an advisor to determine the career education path that is best for you.

Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics that you may be required to take. Students who place into developmental education courses are required to complete designated developmental education courses with a grade of C or higher regardless of program of study. In addition, it does not include MAT 1033: Intermediate Algebra, which, for many students, is a prerequisite course for MAC 1105.
