FSCJ

Florida State College at Jacksonville

Artificial Intelligence
## BUSINESS ACADEMY

The **FSCJ Artificial Intelligence (AI) Business Academy** developed in partnership with Intel's Digital Readiness Program is a fast-track solution helping companies lead in the AI era. Gain practical skills to leverage AI with no prior technical background required. Courses are offered in a convenient modular design at your location on a customized schedule to meet your needs.

- Drive AI innovation and adoption
- Build foundational AI knowledge and skills
- Accelerate operational efficiency
- Promote responsible technology use

The FSCJ AI Business Academy is a specialty Workforce Education pathway provided through the FSCJ Baccalaureate, Career, and Technical Education programs.
