

The Associate in Science (A.S.) in Funeral Services degree program strives to meet the need for qualified funeral directors and embalmers by providing a funeral director training program that is supported by the local funeral services community. Students in the funeral services program are trained to be knowledgeable and compliant with federal, and other regulatory guidelines.

Beginning in Summer 2022, students will enter the prerequisite phase of the program (conditional offer) until they complete all admissions requirements.

Please note that admission to the professional-level Funeral Services courses/program is highly competitive. For a complete listing of program admission requirements, please refer to the college catalog.
