

Residency reclassification requests are subject to Florida statute 1009.21, Florida State College at Jacksonville policy and the State Board of Education rule 6A-10.044 which was adopted by the Florida Board of Governors on September 6, 2006. Refer to www.FloridaShines.org for more information on residency. The burden of proof is on the student. No single piece of documentation will be considered conclusive.

The deadline to submit the Residency Reclassification Declaration is the first day of the term for which you are requesting Reclassification. Check the online academic calendar for more details. All determinative documents must be dated at least 12 months before the first day of classes for the term in which residency is sought.

WHO SHOULD COMPLETE THE RESIDENCY RECLASSIFICATION DECLARATION?

An individual who is initially classified as a nonresident for tuition purposes may become eligible for reclassification as a resident for tuition purposes only if that individual (or the parents of the individual, if that individual is a dependent) supports permanent residency in this state for 12 consecutive months. The individual (or his or her parents, if that individual is a dependent) must present documentation that substantiates that residency in this state is for the purpose of maintaining a bona fide domicile, *rather than for the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.*

Only students who are U.S. citizens, Permanent Residents or in an Eligible Visa Categories: A, E, G, H-1C, I, K, L, N, O-1, R, NATO-I-7, S, T, U, V. are able to submit reclassification.
