		PAGE
		7-1

- (1) The College President of Florida State College at Jacksonville (FSCJ/College) shall ensure that an organizational structure and system of management for technology resources are in place in support of the College mission and goals.
- (2) Educational technology is to be a priority in all technology related planning, staffing, funding and management.
- (3) The College President shall ensure that a technology plan is in compliance with Florida Statutes, State Board of Education Rules, and local District Board of Trustees (DBOT) Rules and is developed and published on a regular basis.
- (4) The College President shall ensure the availability of efficient administrative computing and information systems in support of College operations, management and decision-making processes.
