WORKFORCE
CHILD CARE CERTIFICATE PROGRAMS

Child Care Center Operations
This program prepares students for employment as a child care center director. You will learn about the areas of organizational leadership, financial management, legal obligations and responsibilities and more.

Early Childhood Education
This program prepares students for entry-level employment as child care workers in private, public and family day care centers.

Family Child Care Training
This program prepares students for employment as family home child care. It focuses on skills necessary to help prospective new family home care providers anticipate the crucial decisions they will have to make while starting their business. It stresses models of best practices that have been adopted by veteran home care providers.

School Age Certification Training
This 120-hour program prepares students for employment as a School Age Specialist. The program focuses primarily on how to develop school age and developmentally appropriate practices; while understanding the importance of both the out of school environment and relationships with family.

All of us have been “supply chain managers” at some point. Have you ever been in charge of coordinating a community event? Ever worked on restoring antique furniture? Whether you’ve had to order a product, build it, move it, ship it, distribute, or manage the coordination of it— you’ve experienced supply chain management!

We offer certification prep courses in SEVEN Certifications. Achieving SCPro™ certification is a way to demonstrate the capability to being, or continue a career in supply chain management.
