

Greetings Students,

We know that COVID-19 has been a disruption to your life. Because we genuinely care about you, FSCJ wants to understand how we can best meet your academic needs during these next few months. Completing this brief [survey](#) will allow your voice to be heard as we plan for the Summer C7 session (which begins at the end of June) and the Fall 2020 term.

Please respond openly and honestly to the questions.

All responses are completely confidential and the results summarized so that no individual responses are used. Thank you in advance for your participation.
