

Greetings students,

We are happy to see the continued decline in COVID-19 positivity and transmission rates in our area. Thanks to this movement in the right direction, FSCJ will cautiously move to the yellow level of our [mask guidelines](#): Masks are optional in public, indoor settings.

While we are pleased to see a decline in cases throughout the area, we must continue to be diligent in keeping ourselves and those around us healthy and safe. As a reminder, we have a number of resources for your specific questions concerning the safety protocols and measures we are taking at FSCJ, which can be found in our [Return to Campus Plan](#) and the [COVID-19 Decision Tree](#).

We hope to see your smiling faces on campus soon! Registration is now open for Summer Term: [fscj.edu/schedules](https://www.fscj.edu/schedules).

Sincerely,

FSCJ Emergency Team
