

Greetings students,

With the recent increase in COVID-19 positivity and transmission rates in our area, we are moving to the orange level of our [mask guidelines](#): Masks are recommended in public, indoor areas regardless of vaccination status.

This is a good reminder that we must continue to be diligent in keeping ourselves and those around us healthy and safe. We have a number of resources for your specific questions concerning the safety protocols and measures we are taking at FSCJ, which can be found in our [Return to Campus Plan](#) and the [COVID-19 Decision Tree](#).

We wish you a healthy remainder of the Summer Term! Registration is open for Fall Term: [fscj.edu/schedules](https://www.fscj.edu/schedules).

Sincerely,

FSCJ Emergency Team
