

## Accounting Technology (2201) | A.S. Degree

### PROGRAM DESCRIPTION

The Associate in Science (A.S.) in Accounting Technology provides students with a solid foundation in all aspects of accounting practices used in a range of organizational settings. The program includes three technical accounting certificates that may be earned individually or concurrently while completing the degree. After completion, students may choose to begin an accounting career as a bookkeeper, auditor, payroll or credit coordinator or other related accounting jobs. Students can also continue on to earn a bachelor's degree in Supervision and Management for even greater professional opportunities. Courses are offered fully online or as hybrid to accommodate students' schedules and learning preferences, with most courses also being offered in an accelerated seven-week format.
