

## Building Construction Technology (2234) | A.S. Degree

### PROGRAM DESCRIPTION

The Associate in Science (A.S.) in Building Construction Technology prepares students for a rewarding career in the all-encompassing construction fields for both residential and commercial construction. Designed to prepare students for numerous industry standards and practical certifications, instruction consists of academic, laboratory and hands-on training. Construction managers coordinate and supervise the process from the conceptual development stage through construction, making sure that the project gets done on time and within budget.

## FREQUENTLY ASKED QUESTIONS

### When can I start?

FSCJ enrolls students year-round.

### Where are the educational courses held?

General education courses are offered at any of FSCJ's campuses and centers, as well as online. The professional core courses for this program are offered at FSCJ Downtown Campus.

### What is the cost of the program?

Many students attending FSCJ qualify for financial aid, which can greatly reduce out-of-pocket expenses. This program is Federal financial aid eligible. *The approximate cost of tuition and fees is \$6,293.\**

Besides tuition and fees, students have to pay for things like living expenses, transportation, supplies and books. Book costs vary widely by program and course selection as well as choice of electives; students are encouraged to budget about \$60 per credit hour.

*\*Tuition reflects Florida resident rates and are subject to change. Certain classes that require labs may have additional fees for lab supplies. Additional fees are published in the class schedule.*

### What other programs are related to the field?

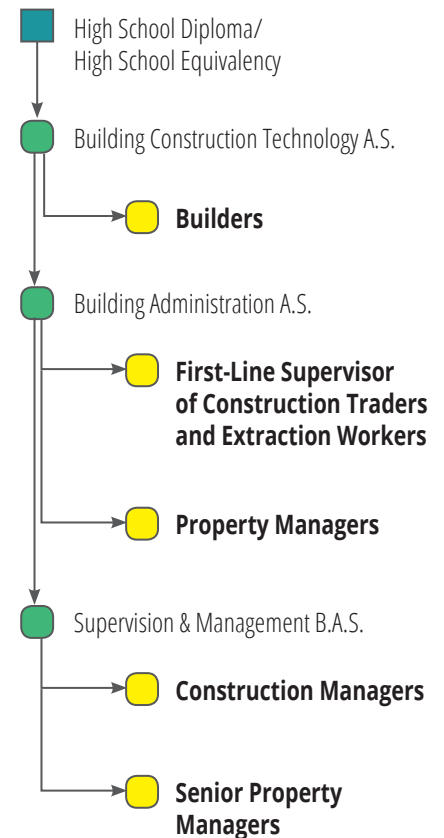

Students who have an interest in the Building Construction Technology (A.S.) may also be interested in the following FSCJ programs:

- Architectural Design and Construction Technology (A.S.) (2202)
- Computer Aided Technical Design (T.C.) (6011)
