

## Radiography (FSCJ Option) (2154) | A.S. Degree

### PROGRAM DESCRIPTION

The Associate in Science (A.S.) in Radiography (FSCJ Option) degree trains and clinically prepares students to become a radiographer, whose job is to produce diagnostic medical radiographic images. The radiography program is a balance between theory and practice that enhances the educational experience and provides students with the skills and preparation necessary for a radiography career.

Students who complete the Radiography program are eligible to take the American Registry of Radiologic Technologies (ARRT) exam, which will qualify them to receive a state license to practice radiography.
