

ADDENDUM NO. 2

ISSUE DATE: 6/30/2026
FSCJ RFP NUMBER: 2027C-01
FSCJ RFP TITLE: Engineering Consultant Continuing Contracting Services (Defined Disciplines)

The above numbered solicitation is amended as follows:

- **Attachment "A" Clarifications, Questions and Answers (As of 6/23/2026)**
- **Attachment "B" GetAll Solicitation Holders List a.k.a. Plan Holders List (6/25/2026)**

The hour and date specified for receipt of bids:

X is not extended, remains: **July 8, 2026 at 2:00 p.m.**
 is extended until: _____
 posting date is extended until: _____

Except as provided herein, all terms and conditions of the solicitation, including changes made by all prior addenda (if any), remain unchanged and in full force and effect.

Bidders must acknowledge receipt of this addendum prior to the time set for receipt and opening of bids as specified in the solicitation, or as amended, by one of the following methods:

- (a) By signing and returning one copy of this addendum.
- (b) By acknowledging receipt on the copy of the bid submitted.

FAILURE TO ACKNOWLEDGE RECEIPT OF THIS ADDENDUM PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If, by virtue of this addendum, you desire to change an offer already submitted, such change may be made by letter, provided such letter makes reference to the solicitation and this addendum and is received prior to the opening hour and date specified.

Randi Brokvist
[Randi Brokvist \(Jun 30, 2026 10:47:24 EDT\)](#)
Randi Brokvist
Executive Director of Purchasing

(Complete this portion)

TO BE RESPONSIVE ALL BIDDERS MUST ACKNOWLEDGE RECEIPT OF ADDENDUM #2

COMPANY: _____
SIGNATURE: _____
TITLE: _____
DATE: _____

ADDENDUM NO. 2**CLARIFICATIONS**

1. If having technical issues, send an email to support@getall.com and include FSCJ RFQ 2027C-01 with the specific defined discipline in the subject line.
2. The question deadline has expired.

QUESTIONS AND ANSWERS

- 1. Q: 2027C-01s:** Regarding Addendum 1, QandA #15, which notes that large files may generate an error message on the GetAll portal: Can the College specify the maximum allowable file size (in MB) for a single PDF upload so we can optimize our file prior to submission?

A: According to the GetAll website Help "Frequently Asked Questions" Q10 and A10 states:
Q10. I am getting a 500 Error when uploading my files.
A10. Please make sure that your files have NO special characters like but not limited to the #&, etc. Based on your ISP and or firewall restrictions you may not be able to upload files larger than 10MB. Also, do make sure that once your file loads you can see it by clicking on the file link.
- 2. Q: 2027C-01s:** For Section 1.17 (Professional Certifications), does the College require Florida Professional Registrations and Business Tax Receipts for proposed subconsultants, or only for the Prime submitting firm? If subconsultant licenses are required, do these pages count toward the 50-page limit

A: No, you do not have to include your subconsultants' Florida Professional Registrations and Business Tax Receipts as part of Section 1.17.
- 3. Q: 2027C-01s:** We understand per Section 3.01 and Addendum QandA #5 that clients must return Attachment A-2 to the proposer. However, some government/educational clients have strict internal policies requiring them to send performance evaluations directly to the requesting agency (FSCJ) to maintain confidentiality. If a client insists on this, will the College accept an A-2 form emailed directly to the Purchasing Department by the reference?

A: No, the College cannot accept submittals, or portions thereof, via any method other than the designated weblinks. All responses must be uploaded through the appropriate discipline-specific GetAll weblink.
- 4. Q: 2027C-01s:** Section 5.01 requests a detailed transition timeline assuming an October 1, 2026 start date. Given that this is an indefinite quantity, 'as-needed' continuing contract, should our timeline focus strictly on administrative onboarding (e.g., badging, familiarization with FSCJ design standards, kickoff meetings), or does the College anticipate transitioning active structural projects from the incumbent immediately upon award?

A: The College will focus on negotiation, completion, and execution of all contractual documentation prior to October 1, 2026. Awarded consultants should be prepared to engage with the College for any as needed scope beginning October 1, 2026. Any active projects currently in progress will continue under their existing contract and will not transition to the new contract.

5. **Q: 2027C-01g:** Where can we find the scope of services for geotechnical engineering?

A: The scope of work for geotechnical engineering includes directing the geotechnical exploration and provide providing an engineering evaluation of the subsurface conditions encountered at boring locations and document same in a geotechnical engineering report that include the following:

- Observe site conditions, such as topography, surface vegetation, etc. as it relates to anticipated construction
- Field and laboratory test procedures used and the results obtained.
- Report encountered subsurface conditions, including subsurface profiles, measured groundwater levels, and estimated geotechnical engineering properties, as necessary
- Report estimated normal seasonal high groundwater level at all boring locations
- Provide geotechnical engineering evaluation of the site and subsurface conditions with respect to the anticipated construction
- Recommendations for shallow foundation design parameters, including allowable bearing capacity, subgrade modulus, and estimated settlement (total and differential) with the building footprint.
- Recommendations for on-site flexible and rigid pavement design
- Recommendations on the ability to use site soils as structural fill
- Recommendations for pipe bedding and backfill placement for the on-site utility pipelines
- Recommendations for safe trenching methods and potential dewatering requirements within excavation areas
- Recommendations for construction earthwork and Quality Control testing required during site preparation and earthwork construction.

6. **Q: 2027C-01en:** Where can we find the full scope of services for environmental?

A: As stated in Addendum 1 Question and Answer #32: The scope of services for environmental work includes asbestos consulting, lead consulting, mold assessment and remediation design, indoor air quality and industrial hygiene. Thermal and/or infrared testing for the presence of moisture and/or water intrusion and recommendations how best to remediate is included for Building Envelope.

7. **Q: 2027C-01el:** For projects requested in section 2, and section 4, are we permitted to use projects on which our MEP team was a subconsultant?

A: Section 2.01 states “clients that you have managed at least three (3) years,” section 4.01 states “projects you have managed within the last three (3) years,” and section 4.02 states “projects you are currently managing.” These would indicate projects in which the firm was a prime consultant.

8. **Q: 2027C-01el:** The chart on Section 4.01 requests Completion/Actual Completion. Please confirm which two dates are being requested here and if this was intended to request "planned completion"?

A: The planned completion date and the actual completion date should be entered on the chart.

9. **Q: 2027C-01el:** Regarding section 4.02's request for current projects, the current projects would not have final contract amounts or actual completion dates. Can you please confirm if expected completion dates will be accepted here?

A: Yes, submitters may include the planned completion and the anticipated completion date.

- 10. Q: 2027C-01e:** Are we permitted to combine sections 2.01 and 2.02 on one page, if necessary to fit the page count?
- A: Yes, but should be labeled appropriately to the sections that are being answered. As stated in Addendum 1 Question and Answer #19: "SF 330 Part I is not required or requested, however the applicable sections may be attached and labeled as section 2.01. Submittal Section 2.01 response section can be utilized or you may include a separate attachment labeled as section 2.01.
- 11. Q: 2027C-01c:** Does page 21 (3.01) need to be included in our response? It appears to just be instructions.
- A: No. As stated in Addendum 1 Question and Answer #17: "Pages which contain ONLY instructions to the submitter and Section 3 Attachment A-1 form do not have to be returned to the College."
- 12. Q: 2027C-01c:** Where can we find the scope of services for site/civil engineering?
- A: The civil engineering scope of services vary by project. Projects completed with our current continuing contract civil engineering firms include re-mill and paving of existing parking at our campuses and centers, replacement of storm sewer and site utilities and civil related work for new/expanded program offerings such as our new commercial vehicle driving skills pad at Nassau Center and new burn building at Fire Academy of the South.
- 13. Q: 2027C-01c:** In addition to the required insurer's letter referenced in the solicitation, please confirm whether a Bond Letter or Surety Letter is also required as part of the qualifications submission.
- A: A bond letter is not required as part of the submittal.
-

Florida State College at Jacksonville is a member of the Florida College System and is not affiliated with any other public or private university or college in Florida or elsewhere.

Florida State College at Jacksonville does not discriminate against any person on the basis of race, disability, color, ethnicity, national origin, religion, gender, age, sex, sexual orientation/expression, marital status, veteran status, pregnancy or genetic information in its programs or activities. Inquiries regarding the non-discrimination policies may be directed to the College's Civil Rights Compliance Office, 501 West State Street, Jacksonville, Florida 32202 | (904) 632-3221 | CRCO@fscj.edu.

Florida State College at Jacksonville is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the baccalaureate and associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call (404) 679-4500 for questions about the accreditation of Florida State College at Jacksonville. The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.
