

## Military & Veterans Service Center

Florida State College at Jacksonville (FSCJ) charges \$104.88 per credit hour for in-state tuition. However, it's important to note that not all branches of the military cover the full cost of tuition. Each service branch has its own tuition assistance (TA) policies and funding limits, which may result in a gap between what is covered and the actual tuition cost.

To help clarify, below is a detailed breakdown of FSCJ's tuition costs and how they may compare to the maximum amounts covered by various military tuition assistance programs.

<b>Lower Division Matriculation Cost</b> <b>\$82.78 x 3 = \$248.34</b>	<b>Upper Division Matriculation Cost</b> <b>\$91.79 x 3 = \$275.37</b>
