

The Associate in Science (A.S.) Degree in Radiography (Florida State College at Jacksonville Option) prepares students to produce diagnostic medical radiographic images.

The program is a balance between theory and practice that enhances the educational experience and provides students with the skills and preparation necessary for employment in the field of radiography.

<input checked="" type="checkbox"/> Task
<input type="checkbox"/> View career information at http://www.fscj.edu/careercoach
<input type="checkbox"/> Meet with your advisor each term.
<input type="checkbox"/> Fulfill the Civic Literacy requirement.
<input type="checkbox"/> Satisfy the associate in science degree graduation requirements.

Career Options

Radiographers, under the supervision of a radiologist, play an important role in the diagnosis and treatment of diseases and trauma. Radiographers perform x-ray examinations of systems of the body, including the skeletal, respiratory, circulatory, nervous, and digestive systems.

Certification/Licensing

Graduates of the Florida State College at Jacksonville Radiography program are eligible to take the nationally recognized American Registry of Radiologic Technologists (ARRT) examination immediately after graduation.

Note: If you are considering employment in a state other than Florida, please visit <https://www.fscj.edu/academics/license-disclose> to determine if this program will meet the selected state's requirements to sit for licensure or certification testing.

Application Procedure

This is a Limited Access program. Students must follow the application procedure outlined in the current College Catalog. The **application deadline** is May 15 each year with classes starting in fall term.

Advising

(904) 713-4545 or hcc@fscj.edu.

Recommended Roadmap

This roadmap provides general guidance about recommended courses. For specific guidance about your individual academic degree plan, please see an advisor. Also refer to the College Catalog for additional information. A minimum grade of C or higher must be achieved in all prerequisites and professional courses, as well as courses used to satisfy the general education and civic literacy requirements.

Prerequisites Taken Before Applying to the Program

Courses may be offered as online, hybrid or on-campus courses. See the class schedules to verify course availability and available modalities.

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours
<input type="checkbox"/>	ARH 2000: Art in the Humanities or PHI 2010: Philosophy in the Humanities or MUL 2010: Music in the Humanities or LIT 2000: Literature in the Humanities or HUM 2020: Topics in the Humanities or THE 2000: Theatre in the Humanities	3
<input type="checkbox"/>	AMH 2020: United States History From 1877 to the Present or POS 2041: American Federal Government	3
<input type="checkbox"/>	ENC 1101: English Composition I or ENC 1101C: English Composition I Enhanced	3
<input type="checkbox"/>	BSC 2085C: Human Anatomy and Physiology I	4
<input type="checkbox"/>	BSC 2086C: Human Anatomy and Physiology II	4
<input type="checkbox"/>	MAC 1105: College Algebra or higher-level MAC prefix course or MAP 2302: Differential Equations or MGF 1106: Topics in College Mathematics or MGF 1107: Explorations in Mathematics or STA 2023: Elementary Statistics	3-5
<input type="checkbox"/>	HSC 1531: Medical Terminology (for Health Professions)	3

Term 1: Fall

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours	Available Modalities
<input type="checkbox"/>	RTE 1110: Introduction to Radiologic Technology and Patient Care	3	On-Campus
<input type="checkbox"/>	RTE 1613: Radiologic Physics I	3	On-Campus
<input type="checkbox"/>	RTE 1503C: Radiographic Procedures I	3	On-Campus
<input type="checkbox"/>	RTE 1804L: Radiographic Clinic I	4	In-Person Offsite

Term 2: Spring

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours	Available Modalities
<input type="checkbox"/>	RTE 1623: Radiologic Physics II	3	Hybrid
<input type="checkbox"/>	RTE 1513C: Radiographic Procedures II	3	On-Campus
<input type="checkbox"/>	RTE 1418C: Radiographic Technique I	3	On-Campus
<input type="checkbox"/>	RTE 1814L: Radiographic Clinic II	4	In-Person Offsite

Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics that you may be required to take. Students who place into developmental education courses are required to complete designated developmental education courses with a grade of C or higher regardless of program of study. In addition, it does not include MAT 1033: Intermediate Algebra, which, for many students, is a prerequisite course for MAC 1105.

Program Learning Outcomes

Upon completing this program, students will be able to demonstrate proficiency in the following program learning outcomes:

Effective Communication: Students will demonstrate entry-level communication skills with patients and with members of the healthcare team.

Critical Thinking Skills: Students will perform non-routine procedures, competently perform image evaluation and analysis, and will demonstrate radiation safety considerations.

Clinical Competency: Students will demonstrate radiation safety considerations and achieve competency for entry-level practice.

Interpersonal Skills: Students will demonstrate professionalism and will collaborate within a teamwork setting.

Term 3: Summer

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours	Available Modalities
<input type="checkbox"/>	RTE 1457C: Radiographic Technique II	3	Hybrid
<input type="checkbox"/>	RTE 1824L: Radiographic Clinic III	4	In-Person Offsite

Term 4: Fall

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours	Available Modalities
<input type="checkbox"/>	RTE 2782: Radiographic Pathology	3	Online
<input type="checkbox"/>	RTE 2241: Radiation Biology and Safety	3	On-Campus
<input type="checkbox"/>	RTE 1834L: Radiographic Clinic IV	6	In-Person Offsite

Term 5: Spring

<input checked="" type="checkbox"/>	Course: Course Title	Credit Hours	Available Modalities
<input type="checkbox"/>	RTE 2061: Radiologic Seminar	3	On-Campus
<input type="checkbox"/>	RTE 1844L: Radiographic Clinic V	6	In-Person Offsite

Total Program Credit Hours

The Radiography (Florida State College at Jacksonville Option) A.S. degree program requires a **minimum of 77 credit hours**. Total program hours may vary based on the student's individual degree plan. Please see an advisor for individual guidance.
