

The Associate in Science (A.S.) Degree in Business Administration educates, trains, and develops students to manage the ever-increasing complexities of business.

The program is a balance between theory and practice that enhances the educational experiences and employment potential for students. The program emphasizes advanced business technical skills, administrative and management skills, and critical skills in communications, quantitative and organizational/systems understanding.

## Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics that you may be required to take. Students who place into developmental education courses are required to complete designated developmental education courses with a grade of C or higher regardless of program of study. In addition, it does not include MAT 1033: Intermediate Algebra, which, for many students, is a prerequisite course for MAC 1105.

## Related Roadmaps

### Embedded Technical Certificate(s)

Technical certificates are available within this degree program. Students may pursue the A.S. degree and earn technical certificates while completing the requirements for the degree or pursue one or more certificates to develop or upgrade their skills in a particular field. Contact an advisor to determine the career education path that is best for you.

Embedded technical certificates include:

- Business Entrepreneurship
- Business Specialist
- Business Operations
- Business Management

## Program Learning Outcomes

Upon completing this program, students will be able to demonstrate proficiency in the following program learning outcomes:

- Analyze, record, and report financial information for external users in accordance with accounting principles, government regulations, and professional standards.
- Analyze and report internal business and financial information.
- Demonstrate proficiency in understanding economic data as it is used in the business environment.
- Demonstrate proficiency in basic understanding of legal reasoning and ethical thinking.
- Demonstrate an understanding of basic managerial skills used in business today. Included in this outcome will be human resource management, operations management, and organizational behavior.
- Understand the fundamentals of marketing and demonstrate proficiency in the use of the four P's of marketing.

## Term 5

**Note:** GEB 2930: Business Administration Capstone must be taken in your last term. To request capstone registration, email [asbusiness@fscj.edu](mailto:asbusiness@fscj.edu).
