The Technical Certificate (T.C.) in Digital Forensics prepares students for a career in the field of data forensics.

The student is introduced to the legal concepts of criminology and criminal evidence and procedure. The hands-on program delivers a solid foundation in digital forensics and how it applies to computer hardware, software, and peripherals.

Certification/Licensing
Upon completion of this program, students will be prepared to pursue industry recognized certifications such as CompTIA's A+ Microcomputer Technician certification, Security+, and CISSP.

Articulation
Upon successful completion of the program students may receive articulated College credit toward the Network Systems Technology (2156) (A.S.) degree. Contact an advisor to determine the career education path that is best for you.

Important for You to Know
This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics that you may be required to take. Students who place into developmental education courses are required to complete designated developmental education courses with a grade of C or higher regardless of program of study. In addition, it does not include MAT 1033: Intermediate Algebra, which, for many students, is a prerequisite course for MAC 1105.

Advising
(904) 646-2392 or digitalmedia@fscj.edu.

Sample Roadmap
This roadmap provides general guidance about required courses. For specific guidance about your individual academic degree plan, please see an advisor. Also refer to the College Catalog and class schedules for additional information. Full-time students will refer to the term-by-term recommendations, and part-time students will take courses in the order listed.

A minimum grade of C or higher must be achieved in all professional courses.

Total Program Credit Hours
The Digital Forensics T.C. program requires a minimum of 32 credit hours. Total program hours may vary based on the student’s individual degree plan. Please see an advisor for individual guidance. This program is eligible for financial aid.

Task
- Explore career resources at fscj.edu/student-services/career-development.
- Meet with your advisor each term.
- Satisfy the technical certificate graduation requirements.

Full-time students will refer to the term-by-term recommendations, and part-time students will take courses in the order listed.
