The Technical Certificate (T.C.) in Emergency Medical Technician prepares graduates to function as entry-level emergency medical technicians.

The program utilizes classroom instruction, hands-on skills labs, and field experiences to train students to respond to a variety of medical and trauma situations.

### Sample Roadmap

This roadmap provides general guidance about required courses. For specific guidance about your individual academic degree plan, please see an advisor. Also refer to the College Catalog and class schedules for additional information.

A minimum grade of C or higher must be achieved in all professional courses.

#### Term 1

### Total Program Credit Hours

The Emergency Medical Technician T.C. program requires a minimum of 12 credit hours. Total program hours may vary based on the student's individual degree plan. Please see an advisor for individual guidance. This program is not eligible for financial aid.

### Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics that you may be required to take. Students who place into developmental education courses are required to complete designated developmental education courses with a grade of C or higher regardless of program of study. In addition, it does not include MAT 1033: Intermediate Algebra, which, for many students, is a prerequisite course for MAC 1105.

The EMT program is offered during the day in the Fall and Spring Terms and is offered in the evening during the Summer Term.

### Certification/Licensing

Upon completion of the program graduates are eligible to apply to sit for the National Registry of Emergency Medical Technicians (NREMT) EMT certification exam to qualify for certification as a Florida EMT and a National Registered EMT.

**Note:** If you are considering employment in a state other than Florida, please visit [https://www.fscj.edu/academics/license-disclose](https://www.fscj.edu/academics/license-disclose) to determine if this program will meet the selected state's requirements to sit for licensure or certification testing.

### Program Learning Outcomes

**Cognitive Domain:** Upon successful completion of the program, the student will demonstrate a working knowledge of clinical information and related topics, relevant to the practice of EMT providers.

**Psychomotor Domain:** Upon successful completion of the program, the student will demonstrate the ability to competently and proficiently perform all EMT providers level skills.

**Affective Domain:** Upon successful completion of the program, the student will demonstrate attitudes and behaviors consistent with the ethics and professionalism expected of EMT providers.
