About the Program

The Technical Certificate (T.C.) in Emergency Medical Technician prepares graduates to function as entry-level emergency medical technicians. Graduates are eligible to apply to sit for the National Registry of Emergency Medical Technicians (NREMT) EMT certification exam to qualify for certification as a Florida EMT and a National Registered EMT.

Note: If you are considering employment in a state other than Florida, please visit https://www.fscj.edu/academics/license-disclose to determine if this program will meet the selected state's educational requirements to sit for licensure or certification testing.

This program requires a **minimum of 12 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is not eligible** for financial aid.

Program Approval

The Florida State College at Jacksonville's North Campus Emergency Medical Technician (EMT) program is approved as an EMT Training Program by the Florida Department of Health, Bureau of Medical Services, 4052 Bald Cypress Way, Tallahassee, FL, 32399, (850) 245-4440, http://floridahealth.gov/licensing-and-regulation/licensing-ems-education/.

Program Requirements

This is a Limited Access program.

Students must follow the program **application procedure** and fulfill all requirements outlined in the college catalog.

The **application deadlines** are:

- May 15 for **day classes** starting in the fall term
- September 15 for **day classes** starting in the spring term
- February 15 for **night classes** starting in the summer term.

Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include technical certificate graduation requirements.

Students in this certificate program **are not required** to complete math courses unless they are listed as part of the certificate program. This certificate articulates directly into the Emergency Medical Services (E.M.S.) (2201) (A.S.) and Fire Science Technology (2911) (A.S.) degrees, which include a **Mathematical Thinking in Context math pathway.** This pathway is intended for students in the broadest range of programs of study. In this pathway, students will explore a variety of mathematical concepts utilizing multiple ways of thinking to formulate and solve problems in context.

Sample Roadmap

This sample roadmap shows one possible pathway to program completion and may not be appropriate for all students.

Prior to enrolling in classes, please **meet with an advisor** for specific guidance about your individual academic plan. Some courses are offered only once per year; advising is critical for course progression.

Term 1

Course	Credits
EMS 1119 - EMT Lecture/Didactic	6
EMS 1119L - EMT Skills Lab	4
EMS 1421C - EMT Clinical Experience (ED & Field)	2
