

**TERMINATION OF AUTHORIZATION TO DEDUCT ALLOWABLE  
CHARGES FROM FEDERAL STUDENT AID**

**Name:** \_\_\_\_\_ **Student ID Number:** \_\_\_\_\_

Today I am informing Florida State College at Jacksonville not to deduct allowable charges from my federal financial aid.

**I understand the following:**

I will not be eligible to receive a bookstore authorization and will be responsible to pay for books from my own resources.

I will not be eligible for a deferment of my tuition and fees and will be responsible for payment of my tuition and fees from my own resources.

The College will continue to deduct debts incurred by me until this form is processed. The Termination of Authorization form is not retroactive.

In the event that I incur a debt to the College in the future, I understand that I am responsible for payment of that debt. Failure to pay may result in a delay in receiving my financial aid, additional collection costs and a hold on registration, transcripts and graduation.

This termination applies to federal financial aid only. Florida State College at Jacksonville will continue to deduct debts to the College from state, institutional or private aid.
